

# Playing Time Contract

I \_\_\_\_\_ understand that once the team has been chosen playing time is earned at practice and that not all players will play equally. The coaching staff will base playing time on skill, attitude, sportsmanship, citizenship, game situations and the ability to be a team player. The coaching staff is more than willing to talk to players on how to get more playing time but this should be done before or after practice (or games) not on the playing field. If playing time becomes an issue that is detrimental to the team that player may be asked to leave the team.

I have read and understand the playing time contract:
