INTRODUCTION

Dear Student Athlete:

You're at an age when the last thing you probably want is more advice. But there's only one thing to do with good advice – pass it on.

As the Athletic Director of Mt. Spokane High School, the best advice I can pass along to you if you plan to compete athletically at the college level is to start asking questions early and prepare yourself academically.

- Are you on track to meet NCAA academic requirements?
- What are the graduation rates of athletic programs and the athletes in your sport at the colleges in which you are interested?
- What support services are available and how will your academic progress be tracked?

You'll notice that not one of these questions deals with the athletic side of being a student-athlete. Instead of focusing on which college can lead to a career in the pros, consider the following:

- *The odds of a high school football player making it to the pros are about 6,000 to 1.*
- *The odds of a high school basketball player making it to the pros are about 10,000 to 1.*

Take a hard look at those numbers and think about what will matter in the long run -

A COLLEGE EDUCATION!

This guide is intended to help you and your family, understand the process in obtaining an athletic scholarship and the rules that apply. If you have questions, contact your counselor at 465-7208 or the Athletic Office at 465-7229.

Choosing a college is difficult. A wise choice will be the first step on the road of success.

SO YOU WANT TO ATTEND COLLEGE AND PLAY INTERCOLLEGIATE ATHLETICS?

Selecting a college requires careful thought and foresight on your part. **What are you looking for?**

- School size
- Curriculum or major
- Geographic location
- Strength/competitiveness of athletic teams
- Conference affiliation
- Scholarship or non-scholarship athlete
- Playing time

Believe it or not, there is a college that can meet nearly all of your academic and athletic needs. The challenge is finding that institution. It will take some effort on your part, but isn't it worth the effort? Don't settle for mediocrity; find what you want and need.

Talk with your coaches, parents, teachers, etc., about your academic and athletic goals. Keep an open mind, listen to the viewpoints of everyone you talk to, but remember you are the one who has to decide because you are the one that will be spending the next 4-5 years of your life at the chosen college. Don't be afraid to ask for assistance in your search.

Where do you start?

Compile a list of schools that interest you. Write to several schools, not just your first choice. ***Start early – preferably the Spring of your Junior Year if not before.*** You can obtain addresses of colleges from the Student Services Office. Write the coach of each institution. Your initial contact should include a typewritten letter and short resume. The letter should be brief and to the point; its purpose is to make the coach aware of you, your interest in the school, and the athletic program. The resume should be an inventory of your academic and athletic accomplishments (see Appendix A). Include:

- **Personal Information:** name, address, telephone number, age, height and weight.
- **Education:** grade point average, ACT or SAT scores, class rank, senior academic program.
- **Athletic Accomplishments:** honors/awards earned, stats, camps/clinics attended, references. (Also include your coach's name, address, and phone number.)
- **Season Schedule:** send a game schedule so that the college coach can possibly attend.
- **Video:** if possible, send a digital copy/video link or let the coach know one is available upon request; not just highlights if possible – full contests – everyone has moments. Colleges are looking for more.

After receiving academic and athletic information from the colleges, you must decide which colleges you would prefer to attend and wish to visit. See as many colleges as possible; coaches will most likely welcome your visit to their school.

STUDENT ATHLETE FOUR-YEAR ACTION PLAN

Freshman and Sophomore Year

- Plan a challenging academic program that will meet NCAA requirements.
- Maintain at least a 2.300 Grade Point Average (GPA) out of 4.000 in core courses.
- Take the PSAT Test in October of you Sophomore year.
- Participate on high school athletic teams.
- Participate in off-season programs in your sport.
- Attend summer athletic camps at colleges that you might like to attend.
- Keep record of your athletic achievements (Appendix B).

Junior Year

- Keep up your academic record.
- Take ACT or SAT Prep Classes.
- Take ACT or SAT Test in spring.
- Develop a list of colleges with counselor for your academic match (Appendix C).
- Ask your coach for a realistic athletic evaluation – can you play sports at the collegiate level and at which level is appropriate – I, II, III.
- Continually update your athletic resume with improving results.
- Ask coaches for their assistance in the recruiting process.
- Send letter of interest to college coaches with your athletic resume (Appendix D).
- Organize a filing system on all colleges that respond to your inquiry.
- Participate in summer programs, i.e., Federation tournaments, AAU teams, State select teams, State games and summer leagues as scouts often attend these.

Senior Year

- Begin the checklist for Student Athletes and Parents Form (Appendix E).
- Meet with counselor to make sure you meet current NCAA academic requirements, discuss your college choices and complete the College Athlete Profile Sheet (Appendix A).
- File Form 48-H with NCAA Eligibility Center at www.ncaaclearinghouse.net (Available from the counselors/deans.)
- Send for and complete college applications.
- Fill out transcript request forms in Student Services.
- Complete Financial Aid forms early (before January).
- Re-take ACT or SAT Test (if needed).
- Update your resume and contact your list of college coaches.
- Produce your own video, or have your coach send game films to the college coach (Appendix C).
- Respond immediately to any college coach who shows interest in you.
- Provide your coach and counselor with your list of colleges, with coach's name, address, and phone number.
- Decide whether or not to use Commercial Recruiting Services (Appendix C).
- Wait to commit to college athletic visit invitations until you are certain of your top five schools.

NCAA INITIAL ELIGIBILITY CLEARINGHOUSE

In January 1993, NCAA Divisions I and II voted to establish an Initial-Eligibility Clearinghouse to simplify the initial-eligibility certification process. In accordance with NCAA academic requirements, the Clearinghouse will certify Student-Athletes to participate in Division I and II sports during their freshman year in college. The Clearinghouse's responsibilities began with the students who enrolled as freshmen during 1994-1995.

In the past, each institution offering Division I or Division II sports have been responsible for certifying the initial eligibility of enrolling student-athletes – a cumbersome process that involved much duplication of effort by high school counselors and campus administrators. As a central point for receiving, processing, and evaluating data pertinent to initial-eligibility certification, the Clearinghouse will eliminate this duplication and streamline the certification process. The new process will provide for a "level playing field" because only one Form 48-H will exist for each high school; unbiased certification decisions will be made for each prospective student-athlete.

There is a \$25.00 fee that must accompany the 48-H form after your junior year grades have been posted (approximately August of your senior year).

| Maximum College Scholarships Divided by the Total High School Athletes | 1,578,884 6,195,247 | *Only a 26% chance of earning a scholarship??? |

This is not reality. By using Peterson's Sports Scholarships and College Athletic Programs research materials, we found that only 37,974.7 athletic scholarships were granted to students in Junior Colleges, Colleges, and Universities in 2013 which represents **only .6% rather than 26%.*

QUESTIONS TO ASK DURING YOUR COLLEGE VISITS

Before you decide to make your first visit, carefully think about the kind of information you are going to need to eventually make a decision. Once you do, you will be able to ask the intelligent questions.

What to Ask the Coach/Recruiter:

- How do you qualify for the team? What are your expected time commitments (practice, weights, films, study table, etc.)?
- What are the behavioral expectations of the team?
- Can you participate in more than one sport?
- What position (event) do you want me to play (perform) and how many other athletes are being recruited for the same position?
- What is your philosophy of offense? Defense? Are you considering any changes?
- Will I be red-shirted? Will you provide a fifth year of financial help, if I need it?
- Are all injuries handled by a team doctor and by team insurance?

What to Ask the Admissions Director/School Officials:

- Does the school have the academic curriculum I want?
- Can I meet the admission standards and academic requirements?
- Do professors allow tutoring and make-up tests when the team schedule conflicts?
- What is the teacher/student ratio?
- What is the overall attitude of the student body towards athletics?
- What is the number of courses and GPA I will be required to maintain to remain eligible?
- What are the different graduation rates for athletes? In my sport?
- What is the placement rate and the average starting salary for graduates in my academic field?
- What is my eligibility for additional financial aid?

What to Ask of the Players at the School:

- What does your typical schedule look like? In-season? Off-season?
- Approximately how many hours a night do you study? Or you have to go to study hall?
- How do the teachers, professors, and students treat you in class?
- How do you like the living arrangements? Can we live off campus? Apartment? Fraternity/Sorority?
- Do you have access to an academic advisor and tutor? Is he/she any good?
- Do the coaches care about your academic progress?

What to ask about Finances:

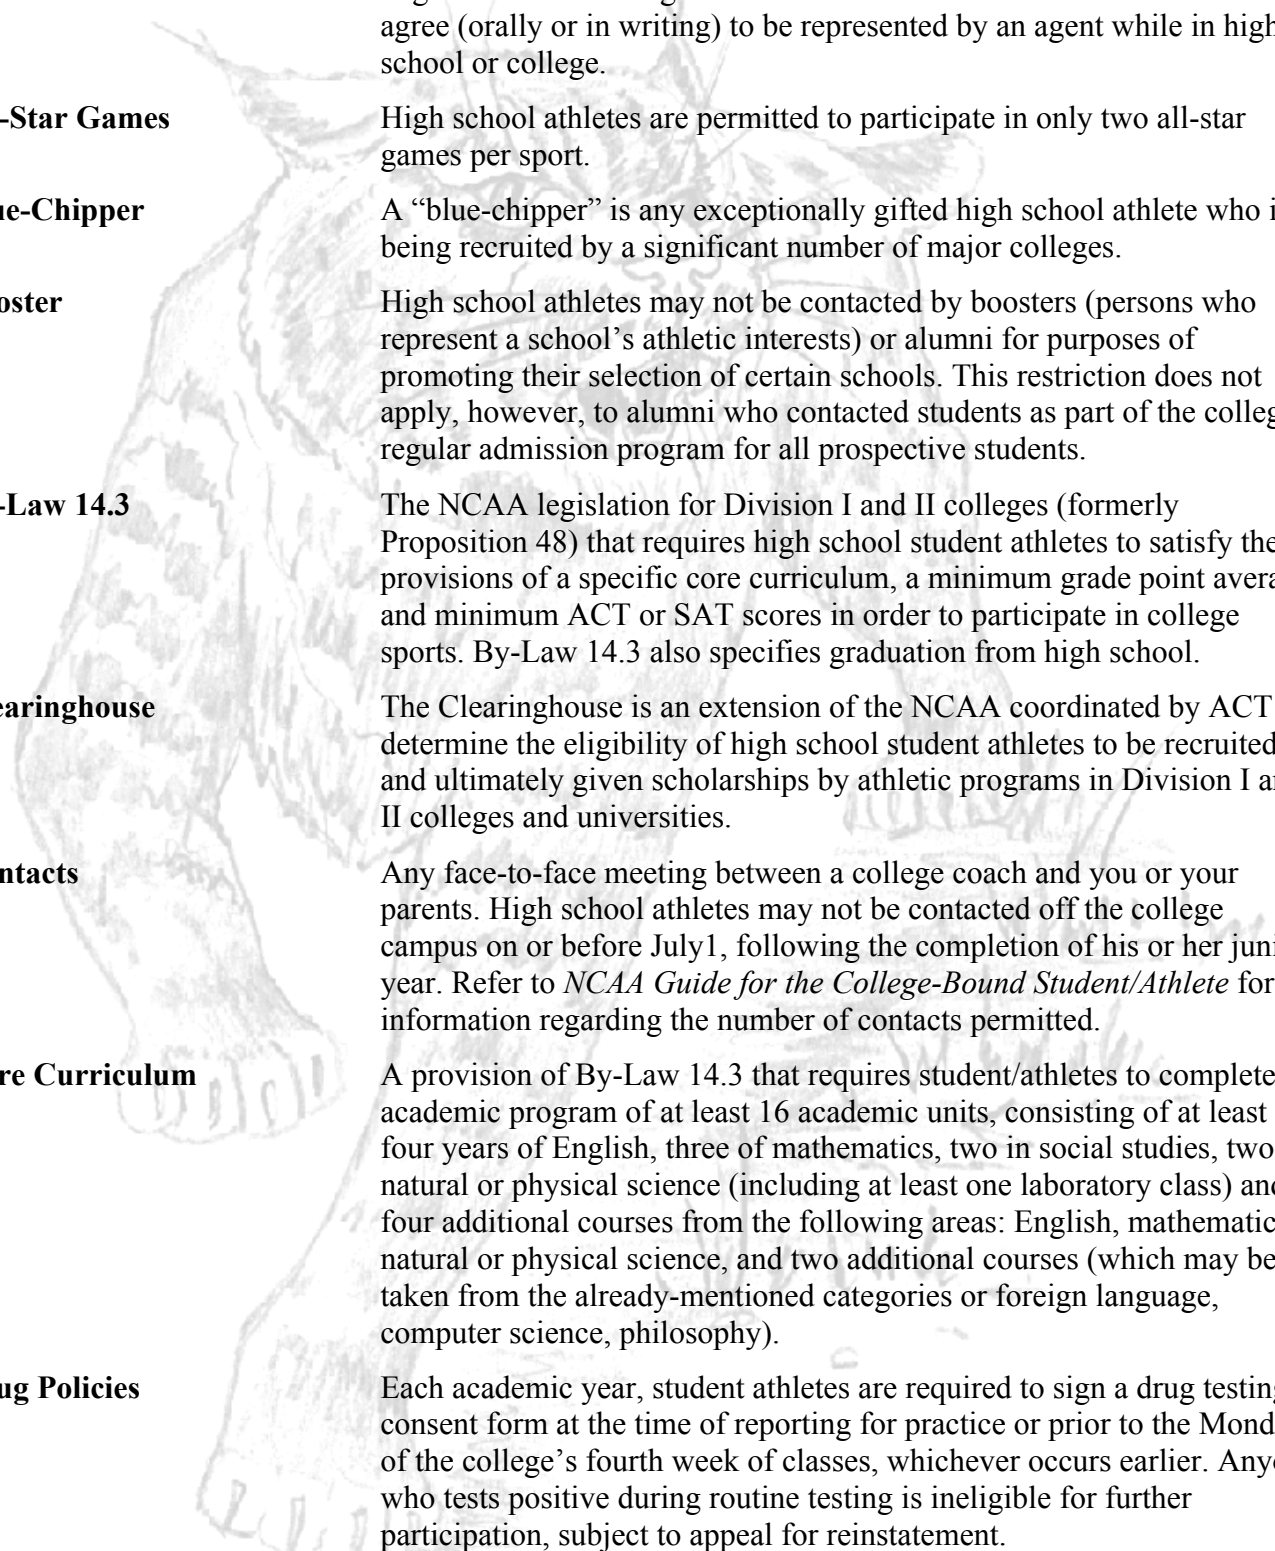

- If I don't get a scholarship, what forms of financial aid are available? Is this amount guaranteed every year?
- If a scholarship is offered, what exactly is included? How much will I have to pay?
- Is the scholarship renewable? By term? By year?
- If I am injured and cannot play, will I still have my scholarship?
- If I choose not to play, or my grades drop, will I lose my scholarship?
- Does the school provide a written contract, letter of intent?

QUESTIONS TO ASK YOURSELF ABOUT YOUR COLLEGE VISITS

You will want to ask yourself several important questions after you have visited your schools in order to ultimately decide on the right school. These questions will provide a good start. Take the time to think about your answers, and be sure to talk to your parents, counselor and coach about answers that might be difficult for you. Remember, you want the right academic and athletic experience, so all these questions are important.

- Did any of the recruiters have bad things to say about other schools that are recruiting me?
- Did any recruiters promise that I would compete right away, even be a starter? If they did, they may have been less than honest.
- Would I attend this school if I had no intention of competing in my sport?
- Do the coaches and players seem to genuinely care about each other?
- Will I be academically successful at this school? Athletically? How do I measure up?
- Were the coaches and players I met honest, available to me, and others, or did they seem phony?
- Were the coaches interested in academics? Did they question my educational and career interests? Were they knowledgeable about my intended program of study? If not, did they introduce me to someone who was able to answer my question?
- Will I fit in with the rest of the student body at this particular school? Will I be comfortable associating with them for four or more years?
- How will I feel if one or more of the coaches leave? Will I still be happy with the school?
- Does the school satisfy all the requirements that I identified earlier with my parents and counselor? This probably is the most important question. Give it a lot of thought, and be sure to talk it over with everyone before you make your decision.

IMPORTANT TERMS

| | |
|------------------------|--|
| Agents | High school and college athletes are in violation of NCAA rules if they agree (orally or in writing) to be represented by an agent while in high school or college. |
| All-Star Games | High school athletes are permitted to participate in only two all-star games per sport. |
| Blue-Chipper | A “blue-chipper” is any exceptionally gifted high school athlete who is being recruited by a significant number of major colleges. |
| Booster | High school athletes may not be contacted by boosters (persons who represent a school’s athletic interests) or alumni for purposes of promoting their selection of certain schools. This restriction does not apply, however, to alumni who contacted students as part of the college’s regular admission program for all prospective students. |
| By-Law 14.3 | The NCAA legislation for Division I and II colleges (formerly Proposition 48) that requires high school student athletes to satisfy the provisions of a specific core curriculum, a minimum grade point average, and minimum ACT or SAT scores in order to participate in college sports. By-Law 14.3 also specifies graduation from high school. |
| Clearinghouse | The Clearinghouse is an extension of the NCAA coordinated by ACT to determine the eligibility of high school student athletes to be recruited and ultimately given scholarships by athletic programs in Division I and II colleges and universities. |
| Contacts | Any face-to-face meeting between a college coach and you or your parents. High school athletes may not be contacted off the college campus on or before July 1, following the completion of his or her junior year. Refer to <i>NCAA Guide for the College-Bound Student/Athlete</i> for information regarding the number of contacts permitted. |
| Core Curriculum | A provision of By-Law 14.3 that requires student/athletes to complete an academic program of at least 16 academic units, consisting of at least four years of English, three of mathematics, two in social studies, two in natural or physical science (including at least one laboratory class) and four additional courses from the following areas: English, mathematics, natural or physical science, and two additional courses (which may be taken from the already-mentioned categories or foreign language, computer science, philosophy). |
| Drug Policies | Each academic year, student athletes are required to sign a drug testing consent form at the time of reporting for practice or prior to the Monday of the college’s fourth week of classes, whichever occurs earlier. Anyone who tests positive during routine testing is ineligible for further participation, subject to appeal for reinstatement. |

| | |
|------------------------------------|---|
| Financial Aid | Student athletes who have met the requirements by By-Law 14.3 receive financial aid from the college that includes tuition and fees, room and board, and books. See the <i>NCAA Guide for the College-Bound Student/Athlete</i> regarding the specifics of aid in other circumstances. |
| Letter of Intent | The National Letter of Intent is administered by the Collegiate Commissioners Association and involves a commitment from the student-athlete to attend a specific school. For detailed information, contact the conference office of the colleges of interest. It is also important not to sign an institutional or conference letter of intent prior to the National Letter of Intent signing date. |
| Minimum Admission Scores | By-Law 14.3 requires that all student athletes score a minimum combined score of 59 on the ACT or a combined 820 on the SAT with a grade point average 2.5 on a 4.0 scale. See “sliding scale” on page 7. |
| NAIA | The National Association of Intercollegiate Athletics normally represents smaller schools and does provide financial aid for athletic purposes. |
| NCAA | The National Collegiate Athletic Association is the primary regulatory for intercollegiate athletics. Information can be secured from them by writing the NCAA, 6201 College Blvd., Overland Park, Kansas 66211-242, or calling 913-339-1906. |
| Professionalism | High school and college athletes are considered professionals if they are paid to compete in an athletic contest; commit in writing or orally to an agent or a professional sports organization; request that their names be placed on a draft list; use their athletic skills for pay in any form (TV commercials, et al.); play on a professional team; or play on an amateur team and receive any payment or gratuity. |
| Prospective Student-Athlete | A player is a “prospective student athlete” once he or she starts ninth grade of school. Prior to the completion of the junior year, high school students can meet with college coaches, but only on the coach’s campus. |
| Red Shirt | An athlete is “red-shirted” when he/she is withheld from actual competition for one year. The athlete may practice with the team during that season but, because of injury or coach’s decision, he/she cannot play in games. Be advised that the athlete must complete his or her athletic eligibility within a six-year period once matriculated at the college level. |
| Sliding Scale | The most recent provisions of By-Law 14.3 provide a sliding scale for equating grade point average with ACT or SAT scores. Please refer to the section on “Academic Standards Necessary to Obtain an Athletic Scholarship”, page 5. |
| Visits | Prospective student-athletes are permitted by NCAA requirements only one expense-paid visit to a particular college. The athlete must pay for subsequent visits to that college. Student athletes are allowed a maximum of five such visits. In essence, they can visit only five schools during the senior year on paid visits, regardless of the number of sports they play. |

College Coach
Name of College
Address of College
City, State Zip Code

Dear Coach:

I would like to take a moment of your time to introduce myself. My name is _____, and I have completed my junior year at Mt. Spokane High School in Mead, WA.

During the last month, I have spent time with the college counselor doing research on which college would be a good match for me both academically and athletically. I am very interested in your college and would appreciate receiving information about your school, as well as about the _____ program.

Academically, I have taken a solid college preparatory program here at Mt. Spokane High School maintaining a B average and ranking 67th in a graduation class of 543 students. My most recent SAT Test score was a 1739.

I have played _____ for Mt. Spokane since my freshman year. During the ninth grade, I received my Varsity Letter and was the _____ on our team. As a sophomore, I was moved up to the Varsity and have started every game since then while playing _____ positions. For the past two years, I have led my teammates in _____ and have been voted “_____” by the coaching staff. Our team has won the Greater Spokane League Championship, Districts, and Regional and Tournaments. I was chosen to be on the GSL All-League Team and received Honorable Mention All-State this past year. You may contact my coach, _____, at _____, if you are interested in seeing a video of one of our games.

Thank you for your time. I look forward to hearing from you in the near future.

Sincerely yours,

Your Name
Your Address
Your City, State, Zip Code

APPENDIX E

CHECKLIST FOR STUDENT-ATHLETES AND THEIR PARENTS

The following checklist will assist you with the process of making the transition from high school to collegiate sports. Because the transition involves academic as well as athletic issues, several people will be involved in your decision. Be sure to see each of these individuals at the appropriate time.

Did you –

- Pick up and read the *Guide for the College Bound Athlete*?
- Pick up and initiate the *College Athletic Profile Sheet*?
- Meet routinely with your counselor/Dean to assure your compliance with the NCAA's By-Law 14.3.
- Complete a Career Search in the Student Services office?
- Complete a College Search in the Student Services office?
- Talk to your coach about your interest in college sport?
- Take the ACT and/or the SAT test?
- Visit some of the schools you might want to attend?
- Schedule meetings with your counselor and coach to discuss the college search and selection process?
- Review the *NCAA Guide for the College-Bound Student Athlete*?
- Mail your college applications?
- Submit your 48-H Form and \$25 fee to the NCAA Clearinghouse?
- Request that your transcripts be sent to the colleges you are interested in?
- Send your ACT and/or SAT test scores to the Clearinghouse?
